MALUTI MINING INNOVATIONS | **MAMINO®**

# COMPANY OVERVIEW

MAMINO® - Maluti Mining Innovations, a fully Basotho-owned company established in 2020, is dedicated to revolutionizing the mining industry through innovative services. Our core focus areas include contract mining, processing, and laboratory services. With a team of experienced consultants, we offer a wide range of expertise in geological and mining disciplines, covering target generation, exploration management, core sampling, mine design, and more. We are committed to delivering exceptional value and professionalism at every stage of a mining project, from exploration to execution and ongoing operations. Embracing cutting-edge technology and environmental responsibility, MAMINO® strives to redefine industry standards and ensure a sustainable and prosperous future for the mining sector. Partner with us to unlock the full potential of your mining endeavors.

**WE DIG DEEP.**

# Values

At MAMINO® - Maluti Mining Innovations, our values serve as the bedrock of our identity and guide our every action. Integrity is at the core of all our endeavors, ensuring transparency, honesty, and ethical conduct in every aspect of our operations. We embrace innovation as a catalyst for progress, constantly seeking new and better ways to exceed expectations and drive positive change in the mining industry. Our commitment to excellence fuels our relentless pursuit of knowledge, expertise, and precision, ensuring top-notch services and outcomes for our clients. We are dedicated to environmental responsibility, promoting sustainable practices that minimize our ecological impact and leave a lasting positive legacy. Above all, our people-centric approach emphasizes respect, diversity, and collaboration, empowering our team members, clients, and communities alike to thrive and prosper together.

# Services

MAMINO® provides "one stop" specialist services in the fields of geological and mine modeling, resource and reserve evaluation and project feasibility studies. Our services include the following. MAMINO®:

- Provides geological modeling services.
- Provides experienced and professional geological consulting.
- Compiles Competent Person's Report.
- Compiles, report and sign off mineral resource estimates.
- Provides mine design, mine layout and scheduling services.
- Provides geological database services (GEOBANK & SABLE)
- Undertakes reviews and audits of resource estimations.
- Provides input into strategic mining decision making.
- Provides short and long-term mine planning services.
- Assists in evaluation of mineral deposits.
- Provides exploration management, core logging and sampling services.
- Performs desktop studies.
- Undertakes and assists in due diligence processes.
- Assists with other mining expertise in feasibility studies.
- Provides training and skills transfer to the broader geological fraternity.
- Supply of HDPE pipes
- Suppliers of Personal Protection Equipment (PPE).
- Yellow plant rental
- Suppliers of new tires and refurbishments for yellow plants

MAMINO® is able to offer these services as a result of the close working relationship that exists between our permanent staff, our professional associates and strategic industry alliances. MAMINO® provides added expertise to its clients in areas such as mining engineering, valuation, project finance, rock engineering, working at height services, Diamond dealing services, geophysical logging, due diligence studies and geological audits and reviews.

# MAMINO® Drill & Blast Services: Unleashing Precision and Power

MAMINO® Drill & Blast Services are characterized by precision, power, and expertise. Our experienced team combines cutting-edge technology with a deep understanding of geology and explosives to deliver exceptional results. Key benefits include customized solutions for each project, unwavering commitment to safety, optimized efficiency, environmental responsibility, and a proven track record. We specialize in mining, quarrying, civil construction, and infrastructure development, working closely with clients to ensure project success. MAMINO® is the choice for those seeking precision excavation and rock fragmentation services that redefine industry standards.

**MAMINO**  
ROPE CREW

# MAMINO® Rope Crew: Mastering Heights, Unmatched Expertise

MAMINO® Rope Crew is a pinnacle provider of Rope Access Services for elevated projects. Our seasoned technicians possess extensive experience and prioritize safety, cost-effectiveness, versatility, and minimal disruption. Our services encompass building maintenance, inspections, construction support, and specialized solutions. MAMINO® Rope Crew is committed to client collaboration and eco-conscious practices. For precision, safety, and efficiency at heights, trust MAMINO® Rope Crew to redefine your project's potential.

# Customized Water Treatment Solutions

MAMINO® - Maluti Mining Innovations is a prominent provider of customized water treatment solutions for mining and industrial operations. Our core strength lies in tailoring solutions to meet the unique needs of each client, using cutting-edge technology to ensure efficiency and compliance with environmental regulations. We offer a comprehensive suite of services, including water quality analysis, bespoke treatment system design and installation, water recycling solutions, processing equipment supply, compliance support, and ongoing maintenance. Our commitment to environmental responsibility, cost efficiency, and sustainability has earned us a reputation as a trusted partner in optimizing water management processes for diverse industries. With a proven track record of success, MAMINO® stands out as a reliable choice for businesses seeking to enhance their water management practices. Our innovative solutions not only improve water quality but also reduce operational costs and promote environmental stewardship. Whether it's addressing specific contaminants or ensuring compliance with rigorous standards, MAMINO®'s customized water treatment solutions are designed to deliver long-term benefits for our clients.

# Waste Management: Elevating Sustainability with MAMINO®

MAMINO is a trailblazer in waste management, driven by a profound commitment to environmental preservation and sustainable practices. Our approach focuses on innovation, championing sustainability, and tailoring solutions to individual client needs. We pride ourselves on pioneering technologies and methodologies that redefine how waste is managed, placing efficiency and sustainability at the forefront.

Our comprehensive suite of services covers waste collection, recycling, responsible disposal, and expert consultation and education. With a keen eye on environmental stewardship, we prioritize waste reduction, recycling, and responsible disposal to minimize ecological impact. MAMINO understands that each client is unique, and we craft customized waste management strategies that align seamlessly with their goals and sustainability values.

# Renewable Energy: Powering Tomorrow with MAMINO® Energy

At MAMINO Energy, we are pioneers in the renewable energy sector, leading the charge towards a sustainable and energy-efficient future. Our unwavering commitment to clean and renewable energy sources is at the heart of our operations. We believe in harnessing the power of nature to meet today's energy needs while preserving our planet for generations to come.

## Our Approach

**Innovation and Sustainability:** MAMINO Energy is at the forefront of renewable energy innovation. We harness cutting-edge technologies and sustainable practices to maximize the efficiency and environmental benefits of renewable energy sources.

**Green Energy Portfolio:** Our diversified portfolio includes solar, wind, hydro, and biomass energy solutions. By offering a wide range of renewable options, we empower our clients to choose the most suitable and sustainable energy sources for their unique needs.

**Customized Solutions:** We understand that every business has distinct energy requirements. MAMINO specializes in tailoring renewable energy solutions that align with our clients' objectives, ensuring cost-effectiveness and environmental responsibility.

**MAMINO**  
ENERGY 

## Our Services

**Solar Power:** We harness the sun's abundant energy through state-of-the-art photovoltaic systems, providing reliable and sustainable solar power solutions for businesses of all sizes.

**Wind Energy:** MAMINO Energy taps into the power of the wind to generate clean electricity. Our wind energy projects are designed to capture the maximum potential of wind resources in any location.

**Hydropower:** We utilize the energy of flowing water to generate electricity through small-scale and large-scale hydropower installations, contributing to a greener grid.

**Biomass Energy:** Turning organic waste into energy, our biomass solutions provide a sustainable and eco-friendly source of power while reducing waste disposal costs.

## Why Choose MAMINO for Renewable Energy?

**Environmental Leadership:** MAMINO Energy is dedicated to environmental preservation and sustainability. By choosing us, you align your organization with a commitment to reducing carbon footprints and combating climate change.

**Cost Savings:** Our renewable energy solutions not only contribute to a cleaner environment but also offer long-term cost savings. We help you reduce energy expenses while enhancing your green credentials.

**Reliability and Expertise:** With years of experience in the renewable energy sector, MAMINO Energy delivers reliable and efficient solutions backed by a team of experts who understand the nuances of sustainable energy generation.

**Futuristic Vision:** MAMINO Energy's vision extends beyond the present. We're investing in renewable energy technologies that will shape the future, ensuring your organization remains at the forefront of the energy revolution.

Join hands with MAMINO Energy to make the transition to renewable energy a reality. Together, we can power a brighter, greener tomorrow while contributing to a sustainable and resilient energy future.
